Last Week's Program

Beth Graves ended a month of programs based on health care when she spoke to Kiwanis last week. She explained that Magnolia Clinic was founded with a simple yet powerful mission: to provide high-quality, comprehensive healthcare to the people of rural West Tennessee. Recognizing the need for better access to medical service in our community. Graves, a board-certified family nurse practitioner with more than a decade of experience treating patients of all ages, partnered with Dr. Brandon Wilkinson and Dr. Matthew Tanner to bring a higher standard of care to Martin. She said that Magnolia Clinic offers a range of primary care and specialized services, including medical weight loss, hormone replacement therapy, IV therapy injections, and preventative care.
